

Alice Show 3 and 4

time/Track length/ time into the show	Number	Class
PARENTS! how to read this. Look at the numbrs on the left. The third number (for example, track 2, the number is 2:49) is how far into the act the dance will complete. For dress rehearsal expect this to go longer because we will stop and start, but this will give you an idea of how far into the act of the show your dancer's piece will be.
